I just get too stressed when I talk

Ok buy slowly....

You need time

It cannot be in days... just give time

never get over this fear rather stay quiet than keep forcing myself

Editado

How was yesterday?

Karina Muras te ha respondido

You need time

I was trying and it was fun speak but the fear is not ok

We were talking 1 hour in your car. Was it ok?

Fear is not ok but fear is normal and it cannot stop you. You just need time and be stronger

Karina Muras te ha respondido

We were talking 1 hour in your car. Was it ok?

it was pretty good time only because I was in safe place

What is the "safe place"?

Fear is not ok but fear is normal and it cannot stop you. You just need time and be stronger

yea I understand but you know I don't know even that I wonna be alive or no, so I don't have to fight with my stress

it better be quiet

but music you can send me

You have to sing tomorrow at the meeting

What is the "safe place" for you? The car?

Karina Muras te ha respondido

Yeaa I knot I just wrote this for you dont think that I don't like you anymore and I'm not talking to yo

You'd have to feel the kind of stress I feel to really understand it

Karina Muras te ha respondido

why sad

Maybe I understand but you can be stronger and risk more

You were anxious today when we talked, but what was the reason? Too much people near? Or what was?

Today felt like a weird day from the morning all day I just wanted to disappear into the ground I don't know if you know that feeling, but I think it's because in the last few days I said more words than I had in months

And why disappear? If you did not say anything wrong

I don't want to make it sound like I'm looking for pity. I don't want to explain it either. I act like a child with problems , and I even feel stupid that you're reading this

We can also be together somewhere, and without speaking... just seeing the horizon in silence... and speaking by parts... then silence again...

Ever since you start talking to me , a lot of people have started speak out to me. It stresses me out a lot. I'm not going to explain my problems anyone more I think about chance job and no start speak with anyone

My hands were shaking almost all day, and I'm tired of pretending that everything is okay And keep it ok

You don't have to change job for that, it would be the same in other jobs, so you would be the same.

You are attractive, many people will want to talk you, it is up to you if you are nice or not with them and if you talk or not.

but I feel people look at me and I can not control my stress i really don't understand my problem

and why that happened to me

i relly sad today

but today the moon and the sun in the sky at the same time

it's cool

You don't understand why it happens to you?

Don't search for an answer, just try to control. Maybe I cannot do much, if I knew the solution I would do it, but it is ok...

I am always here for you... you know?

Kapujesz? 😁

it's kind

And please, don't leave this job... that would break me 😨😢

It's kind and it's what I wish, I am because I want to be and you are important

Really 🌹

You think it is for pity? Or it is just for helping? No, also you make me feel very good... I have my reasons

For the past few days I have been feeling weird My hair has started growing really fast and I look like a broom 🧹 maybe for that 🤣, but for serious in last day I was in a many life situation and and I know I should be happy

There is no pity, just a big desire to be in your mind and life, yo be important for you.

Has respondido a Karina Muras

For the past few days I have been feeling weird My hair has started grow...

What fo you mean "in many life situation"?

I've been working here for a month, and this week people who never used to talk to me started talking to me or including me in conversations. It's what I always wanted, but now I don't want it

and

this is last massage about my broblems about me for you

Why did you always wanted?

No, not the last, keep doing it and tell me all

I always wanted have friends

and speak

If you always wanted, why now not?

Since when?

Has respondido a Karina Muras

this is last massage about my broblems about me for you

Why do you say this?

I decided to stop telling you what's going on in my head It's stupid

you can see that

Nothing is stupid from you, please remember. The oposite, everything you tell me is important and has a meaning, believe me please.

Editado

If I insist is for something. If it were stupid I would not ask and I would not want to hear more... kapujesz? 🙂

I'm just letting go of the topic of what's going on in my head

we can speak but just forgot what I say about my problems

oki?

if you like me don't ask me about that anymore

I want to know what happens, that you tell me what you have and what I ask... I have to know

We don't have to talk everyday about it, but now it is the begining and I need to know, to hear and know why

It can help me to know how to "treat you"

don't you tired of that, because iam, if you ask how I am at work I will said it's ok and smile that what I know how did

Karina Muras te ha respondido

It can help me to know how to "treat you"

Like normal person

thank you

see you and really sorry for speaking to you about this problems

Sorry no, I told you that I want to "hear" you.

What is your diagnosis?

I think you named something the first day we talked or you were going to say it

Please stop asking me about it and treat me like anyone else

it's gonna be good for me

good?

No

Everything or nothing.

Okay, that's fine you don't have to talk to me we'll still pass each other at work anyway

Today people talk you and what? I am the fucking guilty??

Maybe you want to blame me because people have talked you? How terrible it has to be that people want to talk, no???

If this is how you treat a person who likes you and loves how you are and accept you how you are and wishes to be in your heart, bad then!!!! 💔

Karina Muras te ha respondido

> Maybe you want to blame me because people have talked you? How terrible ...

can we just leave it at me being the one with no empathy and go back to laughing at work

oki doki?

Laughing?

yea speak smile laugh that what friend doing

Friends trust each othet and talk their things

Friends are not selfish and talk their things and trust!!!

So, don't talk about friends when you do the oposite to a friend!!

I cannoy laugh when someone is rejecting me like a shit and does not appreciate a shit!!

NO!

Karina Muras te ha respondido

> Friends trust each othet and talk their things

But friends at work laugh and pretend everything is okay. You know that's what everyone does, probably even you. Everyone has their own problems and their own inner battles, and everyone wears a mask they call personality

We don't have to be real friends

man

I've lived my whole life without one anyway

People have masks, I chosed not to have a mask with you because I have opened my heart to you. But you don't appreciate anything.
I am not a hypocrite as you think!!

I don't think like that

anyway

If I say hi tomorrow, you don't have to answer. You have free will

Enjoy the sun its beautiful, see youuu

Keep being alone and don't say anything. I will not be a stupid beging for something to someone who does not appreciate me.

My sun was in your eyes and smile... now just a selfish person who thinks only in herself.

25 abr. 2026, 16:31

so beautiful

Ty więcej 🌹

you funny like always

Funny and sincere, as always

I am not the only person who sees you and thinks that you are ładna. Yesterday someone told me you are 😁

Someone who have seen you in Automation some times

so it's weird

What is weird?

You are tall and it is easy to see you, so people know you, and you are just one more... nothing strange.

For them you are one more, for me you are much more

idk that sameone think like that and you tell me that to make me feel batter or whatever

I always want you to feel better but I don't tell you that for this, I tell you because it is true. Believe me

let's not talk about me

how's your evening going?

We talk about you because you are my favorite and the center of my attention. Difficult not to talk

Editado

I don't like people and I don't want to socialize, and I am not good for speaking. But that thing can change when someone makes you do it naturally, and you do it possible.

I can be with a person for a long time close to me and I don't know what to talk... it can be boring. But with you, you make me talk and you make me wish to talk you...

soo that is good

Tak

👌 🏄‍♀️

Sweet dreams!

With you

I hope 😉

Will you sleep?

yeaa it's time

Time? 😅

Come to Heerlen to the disco 😉

Ready for one more song before sleep? (About 10 minutes)

Yep

There is a "song" that I have been hearing a lot in the last past weeks and made me feel emotions, for her voice and the context

It made me remember my daughter a lot too. 😢
I want to send you to hear it. Do you have the earphones? It is better to use them to feel the music 😁

It is a video with nice images, and she singa in Romanian, but you have the subtitles po angielsku

You will not believe but I wish always yo see you and talk you

Sure?

Then don't close your door/heart 🌹

Yeah, i never opened them anyway 😆

Editado

but I like you and happy to know youu

Then, open...

💔

Editado

When I saw you the first days I was scared to talk, but I like risks some times... and I tried. I am happy I did it

that good

I hope it is good 😞

but don't make liking me a habit and don't let your mood depend on what I say it's gonna be even more good

You are not a habit, your are an adiction 😉

A beautiful adiction

ou so youre talking to me because you think I'm attractive?

No

so that's good

You are very attractive and ładna, but it is not the reason

Atractive and I was scared to talk you, when I talked you then I felt wonderfully interested in you, in your mind, in your friendship, in your soul...

goodgood

dont start liking me too much Remember iam always putting friendship with me on first place so you were right I was thinking about that what you said iam kind of selfish

selfish is a bad thing?

It is good and bad. It hurts

When we love or like a person, we don't have to be selfish... I am not

ou ok i just let you know

one more time enjoy your Sunday, ok? 😘🚴

No

so it's up to you

I deleted the Polish Caruso in my site, I put a new one for you to read

Was there something wrong?

No, I just changed the text to show the new text 😊

I dont get it haw you can changed text of song xd

It is a song in English, and I wrote an automátic translation po Polsku at the end too, maybe it is not correct all, but it is ok

The photo is wonderful, and only you can see it😉

But you are precious... pretty... ładna... piękna...

Karina Muras te ha respondido

enough about that

Wait, there is a mistake, the text is the same and I have to change it

I don't see it but maybe I don't remember closely first translations

Um i just read it wrong 😆 I thought you said you changed

I did but I did something wrong

Now it is ready for you 😉😘

In English and after it in Poliś 😁

ABBA never gets old 😆

Good good

Chiquitita is Spanish, it is something like Malutki

I can change the texts in the site because it is my domain. 8 do the web site in my computer and I upload all to the server

I dont know much about computers but it sounds complicated

No, this is very easy. There are softwares to do it all, you can use code or you can use graphic option.

Didn't you see my web site? The one written in the card I gave you, I do it. jcca.es

www.jcca.es

Ate you using the phone now or the laptop?

Karina Muras te ha respondido

Didn't you see my web site? The one written in the card I gave you, I do it. jcca.es

www.jcca.es

yea I seen that why I think it's complicated

I teach you if you want

it's to much for my head

But thank you

Are you now with the computer?

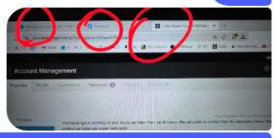

You read the song with the phone, right?

yes all time I use my phone

Then you cannot see the favicons

even don't know what favicons is xd

Look

When you open a web site in the computer you see this, the small image/logo of the site

Aa

And the name of the site

That small image is called Favicon

Maybe it comes from "Favorite icon" Fav icon... I don't know, but it is a favicon

When you use the laptop, open the link there, and then you will see

Editado

Remember, it is "jc . jcca . es"

I write these texts for you and they are in my web site but hidden, like a subdomain that nobody else can see

haha that's not funnny

What did you see?

it's really weird seeing my photo

And KM

yea for taking the time but next time if you wanna share something with me you can skip this part

Which part?

ou sorry, I just don't like repeating myself

You mean the part of your photo?

Your favicon

Don't talk me like a stupid

Karina Muras te ha respondido

You mean the part of your photo?

I mean everything with me

I don't rozumiem what you mean

so just leave the topic

What topic?

Songs, photo...

songs cool, just the part about me

Editado

Everything about you is passionated... so, no

that make me feel frustrating i don't wanna hear about me

Frustrating why and about what? You cannot feel like that, it is silly. You are what you are.

Editado

And you are fantastic like this

Selfish but fantastic

ok stop i can feel whatever I want and this emotions are real

"I can feel whatever I want"... "I can do whatever I want"...

Karina Muras te ha respondido

Keep my heart too 🧐

i don't need 😆

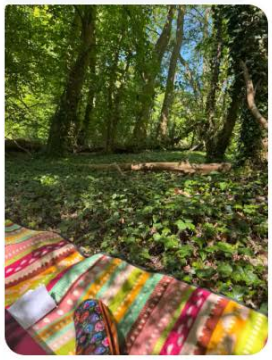

What do you need?

Peace and quiet

You already have that

Now, go for a friend who accepts you like that 😎

sill no needs i prefer my peace

Then I should maybe disappear and leave you with your peace 🙄

i don't want you to stop talking to me but also if you feel you should do it

then just you can

Maybe yes, maybe you want that.

Editado

With that stupid behaviour, it is probably what you want. You know what I want, and you don't care a crab what I want and how I feel

26 abr. 2026, 15:48

you are not right i wanna you to be happy

I don't think

Karina Muras te ha respondido

Then I should maybe disappear and leave you with your peace 🙄

for that maybe that what you should do

yea I think we don't have to discuss about that and that gonna be normal like before not good not bad just

I feel I make you sad itp

You should not be selfish and with this shit behaviour with someone who likes you

what I did

Sad and sweet, because if you go I am broken 😔

then be friends

You don't appreciate it, so we cannot

ou

I am here and you are just a selfish

And maybe lie, who knows...

Karina Muras te ha respondido

> And maybe lie, who knows...

ou ok now it hurt

don't wanna hear anything more

I have been closed in myself and know that, I have not been interested in having anyone, but if someone tried to know me and know about me and my things, I did not treat that person like a shit and appreciated it and shared... you are not doing anything, just thinking about yourself...

Or maybe you do it intentionallg as a revenge for things that happened... but it is not MY FAULT, and I don't have to pay for that.

wait what

are you really think like that?

I don't know what to think...

Editado

I have to be ready for all. With so many experiences in my life, I have to bw ready for everything...

ou

sorry to hear that because it's not , I understand how it could feel like I didn't appreciate your effort i had this feeling you can feel this way but at the same time I wanted explain haw I feel when you ask me about or I say don't say that but you did

but ok

I hope you not angry for me

im glad you said this it's put clear what you thinking

Karina Muras te ha respondido

you have had a lot of experiences in your life and now you're trying to judge my behaviour and put me into a box, I really enjoy time speak with you hearing you unless you start speak about me and trying telling me I feel something in wrong way

Editado

Lies

but you are right that not relationships

Karina Muras te ha respondido

are you sure?

Only you know the truth, I don't know anything.

but you wrote it 😊

I don't have to talk you, but I die for doing it. I don't have to give anything to you but I wish it. I don't have to send music and I love to do it...

But... you don't have to be selfish with ME and hurt, and you do it... 😥😭

And hurting or not, you are a lovely creature I don't want to forget never 🌹

i was honest with you, and you called me a liar because it seemed to you like I didn't care, but I actually trusted you maybe it was something small for you, but for me it meant a lot when I don't speak and haven't let anyone get close to me like that in a long I don't want to be friends after that

you see what I mean?

28 abr. 2026, 15:42

I have been betrayed, people have lied me a lot of times, so I already expect that from people, but if YOU were sincere in everything then you don't have to worry for that because I will see it myself, just give me time. Forget what I said and don't take it into account. But also understand, you say you trusted in me and at the same time it seems you don't care for how I feel when you say certain things... some words from you hurt and I am still here for you, will you cut all for having questioned if you are sincere or liar? Maybe I did not have to say that and I will not do it again, but don't stop for that and keep being what you have been with me because I have appreciated it like a treasure.😘🌹

And no, it was not small for me as you say, if you trusted me it was not something small for me, ok? And I can understand that for you it could mean a lot, but for me too, it has been very big and important.

look pretty cool

15 € in Amazon 😆

Not to much

I want to try the coffee processed with shit of elefant... it is the most expensive that there is 😁

I hear about that 😆😆

1 kilo is about 3700 Euro

I don't know where from the price

maybe holy elephants 😆

Because the process is long and expensive

good fun fact to know, thank you 😆

The elefant has to eat the beans of coffee, then they have to wait until the elefant poops and then they have to take the beans from the shit and separate the complet beans to sell

Some beans are broken, so they cannot be used for sale... so it is expensive, due to the process 😅

sounds logical

2 may. 2026, 22:35

I know what you mean, but I think it's just extra stress and standing out for no reason. I understand that you have an issue with it, but still

I was talking about sress for me 😆

I mean if I gonna change shift for no reason

---

you going to far 😆

2 may. 2026, 23:11

Don't get me wrong, but I don't think it's good idea run away from people

Don't take in any negative energy or I don't know you can change but I probably stay like I said it gonna look weird if I change too

but it's weekend don't take your mind about job

Good night!

For me 😆

They already know me 😆

I mean I like you I like work with you cause we know each other and that fun time, but iam don't wanna change shift

You sure about you wanna do it?

you can think whatever you want, I cannot do anything about that

I don't know why you saying that that not nice to me

---

you start again about that you are so cool I like you, you help me star speak and you make me smile, but I just not gonna change shift with you and then you goes I don't care

now I even don't know what I did

or say

And iam still like you and iam not gonna ansure you about that

it just little fun for me you start junge my acting again

don't put negativity energy

something happened?

why you are like that 🤓

yea last day I was thinking to be open to people and take the risk like YOU said I was speak with girls, and Robert he good to smoke with him and they seems not bad

when you feel in this way about me, tell me I wannna know

there is no need to speak about that

a just start speak with him, I thought he is good, don't you think?

he also quiet

o don't have to speak about feelings

but Carlos don't be mad or something maybe you have just bad mood it will pass

I feel bad about what i thought we good

why are you like that, you kinda sound jealous, iam not die for this shift for Roberto it's stupid

that's really funny, but oke just think about it after this conversation i still like you and sorry this everything put you in this mood

Iam not like this, I wanted just speak with samoone else than you and here is a problem

but just stop here ok?

why you are so on him

Have a good night take look what I wrote I don't wanna repeat myself

---

that's ok

it's look you wanna go with him

I not gonna speak about my like

I try with you and now I see

You are not zero, here is problem with me

you are cool and I sill like you, remember

Have a good night

a i trusted you little bit that what I can do I cannot trust more

turn off this negativity mood !

I don't trust you that much

I still like you

Good night

You can call me liar again then I we can don't speak

So if you wannna that, go ahead

Yeaa because iam a person who going out with friends everyday and I don't have time and I don't wanna go out with you, just wake up, when iam alone I just can really get rest that why I don't wannna go

That selfish but I need that

yeaa your perspective

maybe who knows

you fix me little bit 😆

actually iam sleeping and here darkness around

I don't wanna play in your plays

you find the problem from nothing and then you try to tell me I am the bad person

it feel likes like play feelings

So Iam still like you, you smart funny I keep what I say, but don't don't involve me in this your whole explanation

iam tired

no

I don't need your plays

my time for sleep

remember that I didn't have to write to you at all, but I was here to try understand but Iam even more confused I still think you have just bad mood

Bye

3 may. 2026, 10:51

Better today?

You can't argue with me yesterday and act like you kind to me today. Pick one 😆

3 may. 2026, 12:00

That good

you just slowly start seeing I have nothing to say, that what happened and you know that 😆😆

That's your interpretation

but tell me one

now you are mad for me, don't talk with me or what I am confused

yeaa but feel like we're going in circles

haw say if conversation keeps repeating? Iam don't perfect in English if you forgot

so we are done here

that funny you still ask for that after being like that

3 may. 2026, 16:41

Just scroll up and see where you messed up

o don't accept negativity energy

how you know

3 may. 2026, 16:59

but Carlos we have nothing to talk about now only things what I feel about you it's confusing by last conversation about your delusional problem about my don't putting care about you

I like you, you making me smile what else I need so I like you, but you can think whatever you want

I don't wanna explain that and argument with you if I like you or no

Don't put pressure on me. It's the same as with the shift thing — if I don't want to change shifts, it doesn't mean I don't like you

I even don't make wideo call with anyone

xd

3 may. 2026, 17:31

no mood for that, sorry

I never forced you to beg for anything, you wanna something what I don't doing don't wanna do That's your perspective

you alright? why you mean him again

For a moment, I really thought you understood me, but it looks like that was bullshit

be kind man

4 may. 2026, 17:13

I simply did what I said I would do at work please leave me alone a you can call me whatever you want, just leave me alone

unblock you that what you wanted

If you have any respect left for me, please don't bother me anymore

stop please

If you have a problem with it, then you should quit

Ok

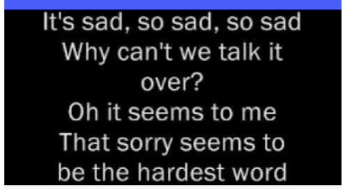

I don't tell I gonna do it so what

No need. I'll end it for good. You're welcome

Fairytale - Shrek | EPIC VERSION

So you liked the Epic music 😂

I thought unblocking you and keeping in touch was a good idea, but now I can see it's going to end badly instead of helping you it might completely destroy you because when I'm good and nice you unknowingly start getting your hopes up

No, no. It is the same

Destroyed and with hopes. If you go or if you stay, the same is. I would only be good completely having you back like we were 3 weeks ago 😔

I don't want to hurt you insulting you anymore 😟

I told you, if I suffer, it is my fault... maybe I deserve it

Carlos, I can't do this because I don't want to I don't want to Please understad that and let it go we are not going to be friends, because I just don't want don't need that writing this makes me incredibly sad everything that happened, the fact that you got so attached to me and felt this connection. I hope you won't resent me for it for the rest of your life 😞I really want you to forgive me and let go It's extremely hard for me to live with this guilt but at the same time, I'm sure about my decision: I don't want you in my life

Please take this seriously

I'm sorry so sorry to make you like that

Has respondido a Karina Muras · Editado

I'm sorry so sorry to make you like that

Sorry I don't think you are. Probably you are enjoying

11 may. 2026, 23:02

Probably, all this was done intentionally

It is hard to believe that a person cannot forget and forgive some mistakes of the begining without giving at least one chance and fight a little more for something nice. Even for the most anti-social person, hard to believe.

The beautiful things are superior than hurting things. But, too much resentment 😟

Editado

After how you reject me and hurt, I keep my heart open always and admire you, and I think more about making you smile again than in hurting you... you do the oposite, strange that... or suspicious...

I've already forgiven you, but I still don't want this. I hope one day you'll understand that and truly forgive me too u always expected trust from me, but you never really trusted me or my words I don't expect you to believe me anymore I just need you to understand that your attitude keeps putting guilt on me have the right to not want you in my life, because it's my life

it's stupid you still think I making it on purpose if I leave and speak with only because you was crying to unblock you, where is the sense?

I always trusted in you... you didn't

it's stupid you still think I making it on purpose if I leave and speak ...

you think im so bad to make that to anyone?

to play with emotions

no

I don't know

I don't know what to think

I told you before... nie pisać do mne 😟

ok, will do, take care

I trusted you and believed you always... now I don't know what to think and what you are. I only know I love that Chiquitita and for my heart it is late...

it will pass

No

Only when I die.
I wish soon

Talk to someone or ask your happiness is worth more than this situation, i hope one day you can forgive me, because I can't forgive myself for how much pain you're in, goodnight get a rest

I don't believe, I think you are revenging and enjoying how my heart is broken... a good person gives a chance and doesn't abandon/give up so fastly...

Ok

And I don't want to talk to anyone else... just to die slowly

Anita is not your friend and you are treating her good... I am not your friend... and you are treating me like shit and revenging.

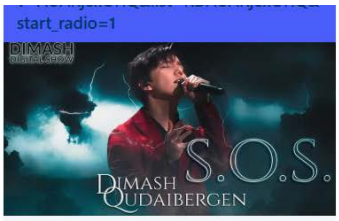

11 may. 2026, 23:42

So I can only think that you are enjoying and revenging... until breaking me totally.

You don't have to believe I'll pray for you to be happy

You were not a hypocrite... don't be now

Your smile and your presence made me happy
